

Horry-Georgetown Technical College - Dental Hygiene Clinic - Availability and Short Notice List

Thank you for entrusting our clinic with your dental hygiene needs. The American Dental Association recommends professional dental cleanings at least once every six months. Unfortunately, due to the nature of HGTC's student services we are unable to ensure that our patients will be seen twice annually. We do suggest that you alternate your dental cleanings between our clinic and a local dentist. If your work, home or school schedule allows for us to contact you on short notice and/or to fill in for an appointment cancellation, please complete this form. Because of the volume of people we serve, it is encouraged to periodically check on the status of our waiting list. We do provide our students with return patients' contact information; however, students are limited to the number of patients they will see in a given semester.

We attempt to give patients as much notice as possible, however, often times we do not have much notice of a cancellation. Please indicate below your personal flexibility so we may contact you when it is generally most convenient for you to come in on short notice.

<p><u>Days/Times Preferred</u> (Please check all that apply. Scheduled days are subject to change.)</p> <p style="color: red; text-align: center;"><u>REMINDER: APPOINTMENTS ARE TYPICALLY 3-1/2 HOURS EACH.</u></p>

<p>Not much notice is needed to fill for a last-minute cancelation or no show.</p>	<p>Needs 1-2 hours' notice to arrange daycare, make arrangements at work, etc.</p>	<p>Live more than 45 minutes away, need time to coordinate their schedule. (I.e.: call in am for pm appt)</p>	<p>Notice of appointment one or more days before as it best works for them to have a little bit of notice.</p>

Other considerations

- Early Bird.** I am generally awake before 8 am. Please feel free to contact me in the morning for either a morning or afternoon appointment that is available that same day due to a cancellation.
- I have youngsters in school; therefore, morning appointments are best for me.**
