IMPORTANT NOTES

- Any item that will expire mid semester must be completed before the semester begins. Example, your CPR certificate expires in March or your QFT expires in April, you must renew your certificate before classes start in January.
- CPR Certification there are many different types of CPR Certification. <u>BLS (Basic Life Support) for HealthCare</u> <u>Providers through AHA or ARC ONLY</u> is the certification that is required.
- > 2 Step PPD <u>or</u> QFT Gold Blood Assay
 - A 2 Step PPD is two (2) Tuberculin skin tests. You will visit the physicians/clinics office four (4) times. You have step one administered and then read 48-72 hours later. Seven (7) days later after step one is read, you then have step two administered. Step two is then read 48-72 hours later. There is a max timeframe of 21 days (3 weeks) between Step 1 and Step 2.
 - You may have a QFT Gold Blood Assay in lieu of the traditional skin tests (2 Step PPD). This is a blood draw to test for tuberculosis.
 - After the initial 2 Step PPD or QFT, you will be required to receive a 1 step PPD or QFT Gold Blood Assay yearly. Do not let time lapse or you will need to complete the 2 Step PPD again. Example: If your 2 Step PPD was completed May 1, your annual 1 Step PPD MUST be completed no later than May 1 the following year.
- If your PPD is positive, you must have a chest x-ray immediately following the result. A chest x-ray is then required every 2 years.
- > If your PPD is positive, a PPD symptom assessment form must be completed yearly.
- > Hepatitis B There are 3 options to choose from:
 - Receive the 3-dose series. You receive the 2nd dose 1 month after the 1st. The 3rd dose is received 5 months after the 2nd. Please check the first box of the Hep B Waiver (page 16), sign, date and upload along with dose # 1 and/or dose #2. *If you received 3 doses in the past, we will accept those as your 3 doses (childhood immunizations).
 - You may have a <u>Hep B Surface Antibody titer</u> to check your immunity. If negative/non-reactive (non-immune), you will need to sign the waiver or begin the 3 series dose. You may use 2 Hep B vaccines from a prior record (childhood, military, etc.) and then just receive a booster to count as the 3rd dose.
 - You may opt out. Please see the Hepatitis Declination Waiver on page 16. Check the second box, sign & date.

Health Science Division – Student Health Record

ESSENTIAL FUNCTIONS REQUIRED OF STUDENTS FOR ADMISSION AND PROGRESSION IN THE

(PROGRAM NAME)

The following standards are considered essential criteria for participation in the Allied Health Programs. Students selected for Allied Health programs must be able to independently engage in educational activities and clinical training activities in a manner that will not endanger clients/patients, other students, staff members, themselves, or the public. These criteria are necessary for the successful implementation of the clinical objectives of the Allied Health Programs. In order to be admitted, or to be retained in the Allied Health Programs after admission, all applicants with or without accommodations must (by initialing the items you agree the student will be able to perform the function):

- Possess sufficient visual acuity to independently read and interpret the writing of all size.
- Independently be able to provide verbal communication to and receive communication from . clients/patients, members of the health care team, and be able to assess care needs through the use of monitoring devices, stethoscopes, infusion pumps, fire alarms, and audible exposure indicators, etc.
- Possess sufficient gross and fine motor skills to independently position and assist in lifting client/patients, manipulate equipment, and perform other skills required in meeting the needs of nursing care.
- The student (Observer) is free of communicable illnesses

| Does the student have any restrictions/limitations? | Yes | No | |
|---|-----|--------|--|
| If yes, how many weeks are restrictions/limitations in effect: | | | |
| If yes, what date will the restrictions/limitations be lifted: | | | |
| If yes, will the student be required to follow-up with your office: | Yes | No | |
| If yes, date of scheduled appointment for follow-up: | | | |

I hereby certify to the best of my knowledge that the preceding information is complete and accurate.

Print Name of Physician, Physician Assistant, or Nurse Practitioner

Signature of Physician, Physician Assistant, or Nurse Practitioner

NOTE: Some allied health programs may have additional requirements. Individual students assume responsibility for ensuring all requirements have been met according to the designated curriculum for the program of which he/she is seeking entry.

| TECHNICAL COLLEGE Health Science Division – Student Health Record | Program: |

WAIVER OF REPEAT PHYSICAL EXAMINATION / NOTIFICATION OF CHANGE IN HEALTH STATUS

(Your initial Health Science Division – Student Health Record (form 3a) is valid for one semester. If you have had no changes in your medical history, you are eligible to complete this Waiver/Notification Form. If you have had any changes in your medical status, including new medications or any other additional change, continue reading below but <u>do not</u> sign this form. You are required to complete a new Health Science Division – Student Health Record (form 3a).

I, ______, as a student enrolled in a Health Science Division Program at Horry-

Georgetown Technical College, do hereby declare that I have sustained <u>no changes</u> in my physical health condition from my most recent student health examination required for the program.

- It is my understanding that in the event a physical health change occurs, it is my responsibility to immediately notify the following individuals of such change(s):
 - 1. Primary Course instructor and Clinical Instructor
 - 2. Clinical Admissions Specialist
- Following notification of health physical change(s), it is my responsibility to:
 - 1. Make an appointment with a healthcare provider for physical examination and completion of a new Health Science Division – Student Health Record (form 3a).
 - 2. Provide completed form 3a to the Clinical Admissions Specialist for verification of current eligibility for clinical without restrictions (specifically page 3 of health record).
 - 3. Contact Student Affairs at (843) 349-5249 if you would like to request accommodations.
- If restrictions are indicated on the Health Record Form, the Clinical Admissions Specialist will notify the student's designated Program Coordinator for guidance regarding further clinical continuation.
- In the event I fail to notify the appropriate individuals of such health changes, Horry-Georgetown Technical College is released from all liability relevant to my physical health status, and such failed actions on my behalf may result in dismissal from the program of study and/or constitute legal action thereof.

MANDATORY HEPATITIS B VACCINE SERIES IN PROGRESS OR DECLINATION

Instructions:

Check the appropriate box(es) to indicate your compliance with the Hepatitis B requirement.

SERIES IN PROGRESS

* I am in the process of receiving the Hepatitis B Vaccine and will provide documentation of all vaccinations as they are completed. Until I am fully vaccinated, I understand that due to my occupational exposure to blood or other potentially infectious materials, I may be at risk of acquiring Hepatitis B virus (HBV) infection.

DECLINATION

I understand that due to my occupational exposure to blood or other potentially infectious materials, I may be at risk of acquiring Hepatitis B virus (HBV) infection. I have been informed of the opportunity to be vaccinated with Hepatitis B Vaccine. However, I decline Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B. If in the future, I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with Hepatitis B vaccine, I will decide at that time.
