I. Purpose

Each campus library of HGTC will be evaluated through surveys conducted by Institutional Effectiveness and Development, the Student Satisfaction Survey, new program development proposals, and institutional/departmental accreditation self-studies.

II. Procedure

Annually, a Student Satisfaction Survey will be administered to all students. The survey will be reviewed, edited, and approved by Institutional Effectiveness and Development. Results will be compiled by Institutional Effectiveness and Development and shared to all appropriate areas, including the Director of Library Services.

Based upon the results of the survey, the Director of Library Services and staff will develop improvement plans for the upcoming academic year(s).

Results of the above-mentioned survey and accreditation findings and processes will be used for the assessment and improvement of the library functions and activities. From the evaluation processes, the Director of Library Services may also make recommendations for annual budget, staff requests, collections (additions), and services.
