

MESSAGE THERAPY, CERTIFICATE

Graduates of HGTC's Massage Therapy program are able to sit for the professional or occupational licensure in the state of South Carolina. A graduate may apply to take the MBLEX after successful completion of the Massage Therapy Education Program. As state licensure can vary by state depending on state laws and regulation, students should refer to each state's licensing board for more information on becoming a professional massage therapist.

This Disclosure does not guarantee any particular State licensing or certifying agency will approve your application for certification or professional licensure. The disclosure may not account for changes in state law or regulations made after the date of this Disclosure. If your plans include pursuing professional licensure or certification in your chosen field, in any state other than South Carolina, you should reach out to the state for more information on the credentialing requirements of the state.

State	State Licensure Board	Meets Educational Requirements	Does Not Meet Educational Requirements	Comments
